

ADVOCATES OF CHANGE

Advocates of Change is about people who have revolutionised the world.

In each episode, we look at five important people who have pioneered, developed or forever improved the way their industry - or the world - works.

These individuals have been responsible for significant advancements in the fields of:

Technology; Transportation;
Media; Entertainment; Science;
Real Estate; Stock Markets;
Literature; Social Media; Equality;
Politics; Environment; Philanthropy;
Invention and Sport.
