

WHERE WERE YOU? EVENTS THAT CHANGED THE WORLD

There are some news items that change the world.

From JFK's assassination; to Man landing on the Moon; to Hiroshima; they are the events that change the way people think.

Where were you? looks at the events that make us say 'I remember when...'; covering natural disaster, war, accidents and more.

Each episode covers one specific event, and details how it happened, why it happened, and how it changed the world.
