

# THE BEATLES: PARTING WAYS

John Lennon, Paul McCartney, George Harrison and Ringo Starr: the four most iconic names in pop music.

Together, they weave the story of the Beatles, still listed by Rolling Stone magazine as the most important band in the world.

Since bursting onto the music scene in the early 1960s, the Beatles have embarked on successful solo careers, faced difficult personal and legal battles, but ultimately endured.

*Parting Ways* examines the phenomenon that was Beatlemania, but also looks at the forty years that have elapsed since the hype, the crescendo, the climax of the Beatles' fame.
